Discussion regarding the Congregational Church Application for CPA funds:

3 factors need to be made when receiving government money for religious institutions.

1. Purpose 2. The extent of aid 3. Whether the project triggers the anti-aid amendment which strictly prohibits public funds from going to certain institutions including religious institutions.

If it is brought upon the Historic Commission the Commission may condition the support by stipulating in asking the CPC group to get a legal opinion that the 3 factors are being adhered to not breach constitutionality.
