

Town of Southwick

Report of the Finance Committee

To the Annual Town Meeting
May 16, 2017

Finance Committee

The primary functions of the Southwick Finance Committee are to review departmental budgets (with the exception of the school budget) and submit a balanced budget to the Town meeting. We must also maintain a reserve fund to make transfers for urgent or unforeseen expenditures before the Town meeting. Additionally, we have been charged to consider and make recommendations regarding the financial business of the Town.

Developing a balanced budget has been challenging for the last few years. We have been able to do it only through the extraordinary efforts of our Town Department Managers in controlling their expenses. On behalf of the Town of Southwick we thank them for their cooperation.

The States' fiscal situation still presents financial challenges for the coming year. We also have some major financial issues facing the Town, primarily related to our capital expenditure needs and costly infrastructure repairs. Considering the struggling economy, finding the means to pay for upcoming projects will be challenging. More than ever before, the community will need to work together to successfully solve the problems facing us now. With the STGRSD building project completed the full financial impact of the project will be felt next year.

Respectively submitted,

Richard Buley, Chairman
Robert Horacek, Vice-Chairman
Linda Bathel
Sheila Chamberlin

NOTES:

Included in this report are capital purchases that are paid for in cash instead of borrowing. If we used more debt, the payments would be included in the debt service column. This saves on unnecessary interest payments.

The Fire Department percentage would be higher if the Emergency Medical Services (EMS) were included but the services are mostly self funded and are not reflected here.
