The Southwick Board of Health would like to stress that this is not a complete profile of the status of COVID-19 in the Town of Southwick. This number reflects those individuals who have received positive test results and *not* those awaiting results, untested symptomatic individuals, and those who might currently be asymptomatic. Additional information on case numbers can be found at <https://www.mass.gov/info-details/covid-19-response-reporting>.

This week, the Baker-Polito Administration announced that effective Sunday, December 13th, all communities in Massachusetts will return to Step 1 of Phase 3, of the Commonwealth's reopening plan. This will reduce indoor capacities across a broad range of sectors of the economy and tighten several other workplace restrictions. The Administration announced the roll-back to respond to an increase in new COVID-19 infections and hospitalizations since the Thanksgiving holiday that is straining the health care system in Massachusetts.

The return to Step 1 will also require the closure of certain businesses designated as Step 2 industries. These include indoor performance venues and certain high-contact indoor recreational businesses. In addition, capacity limits will be reduced to 40% statewide for most industries, and the limit on outdoor gatherings will be reduced statewide from 100 persons to 50 persons. Additional safety measures will be applied to restaurant dining as well. These new measures are designed to prevent infection and viral spread, especially in indoor settings. They will create stronger mask compliance, more social distancing, and limits to the time spent with people outside of your immediate household.

The Administration also announced additional guidance for certain sectors including restaurants, office spaces and gyms, to address activities where mask wearing is not possible at all times.

- Indoor theaters and performance venues and higher contact indoor recreation businesses will be required to close to the public
- Outdoor theaters and performance venues will be limited to 25% capacity, and no more than 50 people

In all communities, capacity will be reduced from 50% to 40% for the following sectors:

- Arcades/Indoor and Outdoor Recreational Businesses
- Driving and Flight Schools
- Gyms/Health Clubs
- Libraries
- Museums
- Retail
- Offices

- Places of Worship
- Lodging (common areas)
- Golf facilities
- Movie Theaters (Maximum 50 people per theater)

This new capacity limit will not apply to sectors that do not currently have a percentage-based capacity limit, including restaurants, laboratories and close contact personal services.
