

Town of Southwick Board of Health and Select Board COVID-19 Update for January 8, 2021

As of the most recent weekly public health report, there have been 310 positive cases of COVID-19 in the Town of Southwick. The Southwick Board of Health would like to stress that this is not a complete profile of the status of COVID-19 in the Town of Southwick. This number reflects those individuals who have received positive test results and *not* those awaiting results, untested symptomatic individuals, and those who might currently be asymptomatic. Additional information on case numbers can be found at <https://www.mass.gov/info-details/covid-19-response-reporting>.

The Baker Administration announced this Thursday that the Governor's COVID-19 Order # 59 - that went into effect on Saturday, December 26 and was expected to end on January 10 - will be continued until **Sunday, January 24th**. As a reminder, this order reduces the allowable occupancy limits from the previous capacity level of 40% to **25%** in multiple sectors. The changes in capacity levels are listed below and also in the table following this update:

1. Notably, this capacity limit will now apply to restaurants. Capacity will be set at 25% of pre-COVID seating capacity and distancing between tables and other requirements will remain in place. Indoor and Outdoor seating capacity must be calculated separately (rather than combining them).
2. Small spaces (such as personal services) and other spaces without clear occupancy standards may use 5 people / 1000 square feet as an alternative to the 25% occupancy.
3. The 25% limit will not apply to manufacturing, laboratories, drive in movie theaters, or construction
4. Employees/staff are exempted from the capacity count
5. Limits at indoor event venues are being reduced to 10 people.
6. Limits at outdoor event venues are being reduced to 25 people.
7. Current limits at private residences remain the same (10 indoors and 25 outdoors)
8. Limits at movie theaters will be reduced to 25% (no more than 50 people per theater)
9. Limits outdoor performance venues will remain 25% (with the max number reduced to 25 from 50).
10. Office spaces will be required to reduce capacity to 25%, but there will continue to be allowances for offices with "critical services", such as public safety, public health, and other critical services. There is no approval required for these exemptions.
11. K-12 schools continue to be exempted from these capacity limits and will need to follow DESE standards and guidelines.
