Resources

There are thousands of books and web sites devoted to gardening and agriculture. Here are just a few examples:

Try: *Rodale's Successful Organic Gardening-- Controlling Weeds*, by Erin Hynes.

One of the most comprehensive and readable books for home gardeners is *The Garden Primer* by Barbara Damrosch.

The UMASS Extension Service has a wide variety of fact sheets and other information for gardeners, including their soil test lab:

<http://ag.umass.edu/resources/home-lawn-garden>

<http://ag.umass.edu/services/soil-plant-nutrient-testing-laboratory>

The Western Massachusetts Master Gardener Association (WMMGA) has a wealth of information on its web site, as well as gardening symposiums each spring:

<http://www.wmmga.org/>

Cornell University has been a go-to source of gardening and agricultural information for more than 100 years:
