Town of Southwick Report of the Finance Committee

To the Annual Town Meeting May 21, 2024

Finance Committee

Primary responsibilities of the Southwick Finance Committee include an annual comprehensive review of departmental budgets (with the exception of the School budget), establishing and maintaining a reserve fund account to fund unanticipated and emergency expenses throughout the year, and to make recommendations on the financial decisions of the Town, including warrants submitted at the Annual Town Meeting.

Budget development continues to present a challenge due to rising costs of goods and services, compliance with new regulations, and unpredictable State aid. In conjunction with the Select Board and Department Administrators, we have constructed a fiscally responsible budget to present at the Annual Town Meeting, which addresses the needs for departmental operations while addressing the concerns of the taxpayers. We thank Department Administrators and employees of the Town for their work in developing the annual budget and for their daily efforts to make the operations of Town Government more effective and efficient for our Townspeople. Public participation is vital as our community addresses the challenges before us and as we plan for our future. Thoughtful, responsible development, balanced with our valuable natural resources including our lakes and aquifer, open spaces and recreational opportunities, will be part of the equation which will provide for our financial well-being.

The Southwick Finance Committee thanks you for the opportunity to provide a solid financial foundation for all of our friends and neighbors now and in the years ahead.

Respectively submitted,

Joseph Deedy, Chairman Aleda DeMaria, Vice-Chair Karen Demaio Paul Connolly Robert Horacek David Methe Dr. Richard Zalowski Sheri Knowlton, Associate Member Elizabeth Smolen, Secretary

Included in this report are capital purchases that are paid for in cash instead of borrowing. This saves on unnecessary interest payments. If we used more debt, the payments would be included in the debt service column.
